

SOURCE-VERIFIED BEEF IN HIGH-END RESTAURANTS

C. R. Calkins, B. L. Gordon, K. A. Varnold, and W. L. Umberger

BACKGROUND

- ✘ Consumers use source-verification as a way to guarantee quality and safety
 - + Know where it comes from and the methods used
 - + If a problem arises, it can be controlled better

BACKGROUND

- ✘ Could create a market (and return value)
 - + For source-verified products
- ✘ Must have a financial incentive

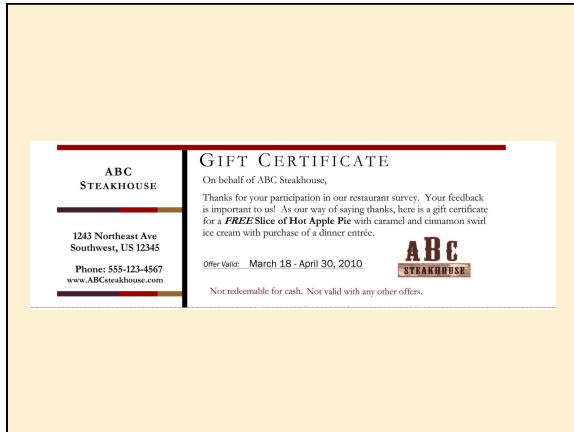

OBJECTIVES

- ✘ Conduct a pilot study to place source-verified beef in high-end restaurants
- ✘ Identify essential elements to build customer selection
- ✘ Quantify the appropriate premiums for source-verified beef

METHODOLOGY

- ✘ Online survey created (> 1,000 participants)
 - + Advertised by 6 high end restaurants on the East Coast and the Southwest (3 in each area)
 - ✘ Email blasts
 - ✘ Postcards
 - ✘ Incentives

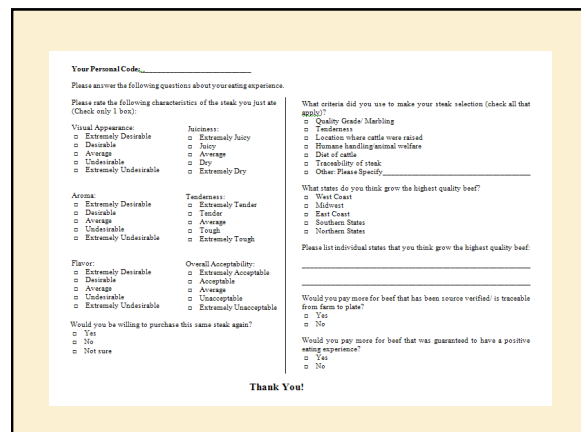

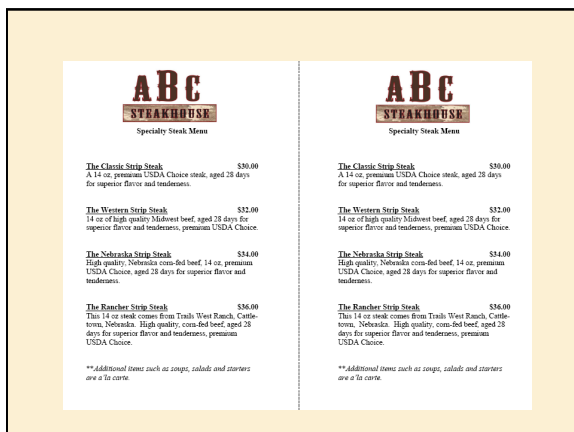

IN-RESTAURANT TASTE TESTING

- Three of the six restaurants were chosen to host an in-restaurant taste testing (ca. 200 participants)
 - Two on the East Coast and one in the Southwest
- Participants selected one of four New York strip steaks from a specialty menu

IN-RESTAURANT TASTE TESTING

- All strip loins
 - Upper 2/3 Choice
 - Aged for 28 days
 - Cut into approximately 14 oz steaks
 - Shipped fresh to the restaurants
 - The primary differences between the descriptions were price and origin specification (region, state, farm, or no origin)
 - Price was randomly assigned to each steak and all steaks were traceable to the ranch in Nebraska
- After the meal, participants completed a short questionnaire to rate sensory attributes of their steak

**SURVEY RESULTS
BEEF CONSUMPTION**

- ✘ 76% of participants consume beef on a weekly basis
 - + 52% prepare beef in the home 1 to 2 times a week
 - + 48% consume beef outside of the home 1 to 2 times a week

**SURVEY RESULTS
RESTAURANT BEHAVIOR**

- ✘ 30% dine out 1 to 2 times a month
 - + 28% dine out on a weekly basis
- ✘ While dining at a high-end restaurant, beef is the most preferred meat type ordered
 - + Filet Mignon most popular cut

**SURVEY RESULTS
RESTAURANT BEHAVIOR**

- ✘ 46% of participants don't normally seek advice when ordering
 - + When they do, 92% of the time they will consult with their waiter
- ✘ Most participants liked to frequently try new menu items (78%)
 - + Others will order something new if they have the opportunity to sample it first (78%)

Rank of deciding factors among steak attributes for participants of the on-line survey

Steak traits/attributes consumers use when making a decision among several options

	Rank
Specific cut (e.g. T-bone, Sirloin)	1
Price	2
Tenderness verification/guarantee	3
USDA Quality Grade (e.g. Prime)	4
Grass-fed	4
Nutritional information	6
Certified organic	7
Other	8
Free range	9
Natural label	10
Aged for at least 14 days	11
Locally raised	12
U.S. origin	13
Traceable from farm-to-consumer	14
Corn-fed or grain-fed	15
Brand (e.g. Certified Angus Beef.)	16
Breed (e.g. Angus, Hereford)	17

Rank of factors that determine eating satisfaction for participants of the on-line survey

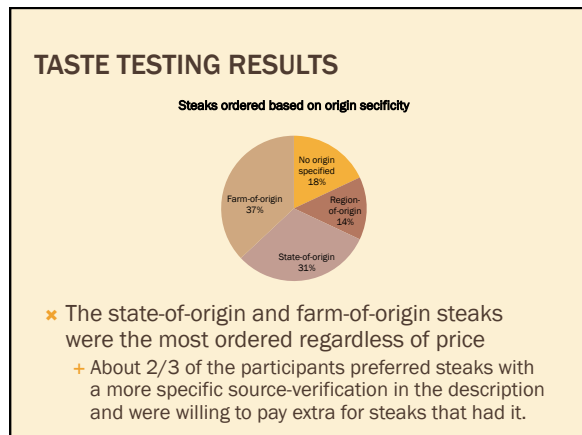

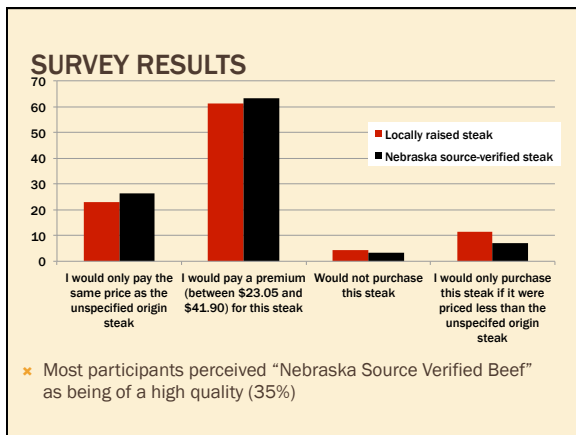

Factors that determine consumer's overall satisfaction with the eating experience of the steak

	Rank
Flavor/Taste	1
Tenderness	2
Degree of doneness (matched what I ordered)	3
Juiciness	4
Others	5
Little fat trim/less waste due to fat	6
Aroma/Smell	7
Portion size	8
Thickness of the steak	9
Accompaniments - e.g. potatoes, vegetables, salad	10

SURVEY RESULTS

WHERE CONSUMERS PERCEIVE MEAT WITH AN UNSPECIFIED ORIGIN COMES FROM

- ✘ Somewhere outside of the U.S. (e.g. imported) 3.24
- ✘ Somewhere within the U.S. 62.31
- ✘ Regionally or locally raised 3.14
- ✘ Unsure 15.70
- ✘ I do not think about it, I am not really concerned about the origin 15.60

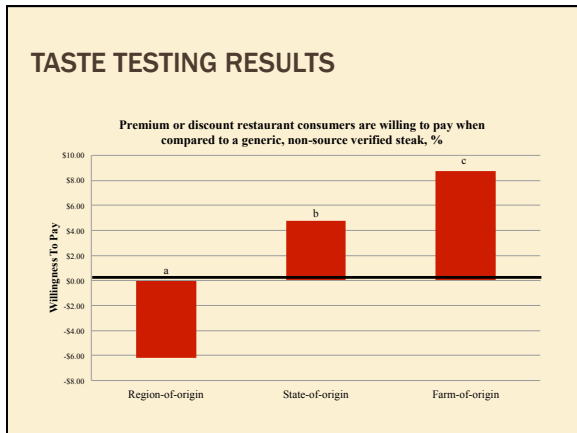

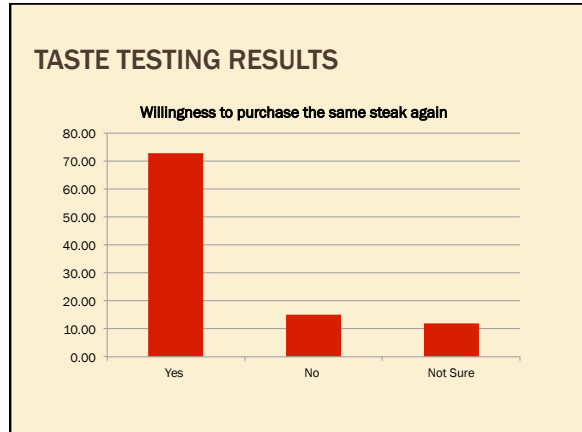

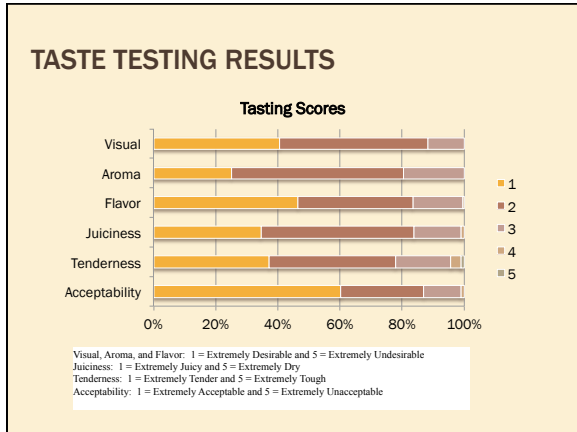

TASTE TEST RESULTS – MEANING OF NE SOURCE-VERIFIED BEEF

- ✘ Premium quality 35%
- ✘ Corn-fed 32%
- ✘ US Choice 31%
- ✘ US Prime 31%
- ✘ Flavorful 30%
- ✘ Very tender 26%
- ✘ Farmers who care about land and animals 21%

TASTE TEST RESULTS CRITERIA FOR SELECTING STEAKS

- ✘ Quality grade/marbling 20%
- ✘ Tenderness 20%
- ✘ Location where animals raised 17%
- ✘ Animal diet 14%
- ✘ Traceability of steak 10%
- ✘ Humane handling/animal welfare 4%

- ### TASTE TESTING RESULTS
- ✘ Where participants believed the best beef comes from:
 - + 83% believed it was the Midwest
 - + Specific states:
 - ✘ Nebraska (63%)
 - ✘ Texas (22%)
 - ✘ Iowa (21%)
 - ✘ After tasting, 65% of the participants said they would be willing to pay more for beef that is source-verified
 - + Implies that Nebraska source-verified beef products would be in high demand

- ### IN SUMMARY
- ✘ Consumers care about where their meat comes from
 - ✘ Willing to pay a premium for this information, especially after tasting

THANK YOU!

- ✘ This research was sponsored by the Federal-State Market Improvement Program of the USDA, the University of Nebraska, and the Nebraska Department of Agriculture.

Funds for this project were matched with Federal funds under the Federal-State Marketing Improvement Program of the Agricultural Marketing Service, U.S. Department of Agriculture
